9 OCT 1963

MEMORANDUM FOR: Chief, Personnel Operations Division
Office of Personnel

SUBJECT : Recruitment of Illustrator

1. Your response to a recent OSA requirement for an individual qualified as an illustrator was most gratifying. Within a 48-hour period after our requirement had been made known to your office, several files of qualified personnel were made available to OSA for review. Shortly thereafter, a candidate was interviewed and selected. This is indeed a remarkable achievement and speaks highly of the efficiency of your office.

2. I know that there were several individuals in your office who contributed to this effort; however, I would like to commend [redacted] of your staff for his vigorous, intelligent and highly effective action. He quickly identified qualified personnel and, by expeditiously handling files and liaison with both the losing and gaining component, made it possible to fill our critical requirement in a period of time that I did not previously believe to be possible in this Agency.

3. Congratulations to you and your staff for a very effective job.
